Call for Papers

15th IFToMM World Congress will be held in Krakow, Poland in June 30 – July 4, 2019. IFToMM World Congress is held every 4 years and is the largest congress on mechanism and machine science. It will provide opportunity for researchers, scholars and students with interests in the theory and practice of mechanisms and machines for new ideas, sharing experiences, and discussing future developments. We hereby would like to extend our sincere welcome to you and to ensure all of you a wonderful congress and a memorable visit during your stay in Krakow during 2019 IFToMM World Congress!

Sincerely yours
Organizing Committee

TOPICS OF THE CONGRESS

Papers are welcome on the general areas of the theory and practice of mechanisms and mechanisms, but not limited, to the topics of the IFToMM Technical Committees and Permanent Commissions, namely:
- Biomechanical engineering
- Computational kinematics
- Design methodology
- Biomechanical engineering
- Computational kinematics
- Design methodology
- Dynamics of machinery
- Education
- Gearing and transmissions
- History of MMS
- Linkage and mechanical controls
- Mechantronics
- Micromechanisms
- Multibody dynamics
- Reliability of machines and mechanisms
- Robotics
- Rotor dynamics
- Standardization of terminology
- Sustainable energy systems
- Transportation machinery
- Triology
- Vibration

CONGRESS LOCATION

The conference will take place in the Auditorium Maximum of the Jagiellonian University. Krakow is the capital of Małopolska province located on the south of Poland, large academic and cultural centre and is one of the most visited cities in Poland. There are numerous historical monuments, good hotels, restaurants and recreational opportunities. It is not a simple task to describe the unique character of Krakow to those who still have not had the opportunity to visit this city. This uniqueness is primarily due to the rare cultural heritage embodied within the city walls. Here, in the year 1000, a Roman Catholic bishopric was founded. Here, the residential royal castle was constructed on the Wawel Hill, becoming the site for the coronations and burials of kings, as Krakow was the capital of Poland from the 11th to 17th century.

ACCOMODATION

A variety of hotels with special rate in different standards with the room rate ranging from EURO 50 to EURO 150 will be listed in the IFToMM 2019 website.

TRAVEL INFORMATION

Krakow airport is located about 10 km from the city centre and has a number of direct flight connections with major European airports (Munich, Frankfurt, Vienna, Berlin, Paris, Brussels, London, and others).
